

PEYTON MEIERHOFF

Industrial Engineering Student

Allen, TX | 469-931-5568 | pm109@uark.edu | linkedin.com/in/peyton-meierhoff

EDUCATION

University of Arkansas — Bachelor of Science in Industrial Engineering and Operations Analytics

Expected May 2029

Minor: Strategy, Entrepreneurship and Venture Innovation (SEVI)

Honors College | GPA: 4.0/4.0

University of Arkansas Rome Center — Study Abroad, Rome, Italy

Summer 2026

Engineering Economic Analysis

- Studied engineering economic analysis and project management through a five-week international academic program.
- Visited Dallara, Ghella, Hitachi Rail, Interporto, Angelini, and Travertino Romano to observe engineering, manufacturing, transportation, construction, and logistics operations.

SKILLS

Software: Microsoft Excel, Microsoft Project, RStudio, IntelliJ IDEA

Programming: Java, R

Other: Project Management, Data Analysis, Process Optimization, Entrepreneurship

EXPERIENCE

Vantage Home Services — Founder & Owner

May 2026 — Present

- Founded and operated an exterior home improvement business, generating \$10,000+ in revenue within the first three months.
- Managed customer acquisition, sales, scheduling, and client communication from initial inquiry through project completion.
- Coordinated service providers and project logistics while maintaining quality, timelines, and customer expectations.

Life Time Fitness — Lifeguard

Apr 2025 — Aug 2025

- Supervised pool areas and enforced safety procedures for members and guests in a high-responsibility environment.
- Responded to emergencies and administered first aid while maintaining a safe, professional environment.

Silver Thai Cuisine — Delivery Driver

Feb 2024 — Mar 2025

- Coordinated with kitchen staff to prepare and deliver customer orders accurately, managing multiple deliveries under time pressure.

Ranch Hands Landscaping — Landscaper

May 2023 — Aug 2024

- Operated landscaping equipment and collaborated with a team to complete physically demanding projects on schedule.

PROJECTS

Aquatic Facility Construction Project

Project Management

- Developed and optimized a construction plan for a new aquatic facility using Microsoft Project and Excel, including scheduling, resource planning, and coordination.

Entrepreneurship Business Plan

Business Development

- Built a comprehensive business plan with balance sheets, cash-flow projections, market research, and strategy, evaluating financial and operational viability.

Balsa Wood Tower Design Project

Engineering Design

- Designed, constructed, and iteratively refined a balsa wood tower under specified structural and material constraints.

Water Filtration Design Project

Engineering Design

- Designed and tested a water filtration system under project constraints; presented process and results via technical poster.

LEADERSHIP & INVOLVEMENT

University of Arkansas AI Club, Member (2025–Present) | University of Arkansas Crypto Club, Member (2025–Present) | Kappa Sigma Fraternity, Member (2025–Present) | Intramurals — Flag Football & Basketball (2025–Present) | Keep Allen Beautiful — Youth Advisory Board (2022–2025) | PALS Club, Member (2023–2025) | Boy Scouts of America — Star Scout (2021–2023)

HONORS & AWARDS

Honors College | Chancellor's List | 4.0 GPA | Phi Theta Kappa Honor Society | National Society of Collegiate Scholars | National Society of Leadership and Success | Eagle Scholar | Outstanding Academic Achievement Student Award | Eagle Spirit Award
